## THE SUN AND MOON

They Have Caused Some  
Dissatisfaction.

THEY WERE NOT MUCH GOOD

New York, Chicago, Cleveland and  
Other Villages Couldn't  
See It.

CHICAGO, May 28.—Cloudy weather,  
following heavy rain storms for the  
past twenty-four hours, prevented any  
effective observation of the eclipse  
from this point. Elaborate prepara-  
tions made by the universities of Chi-  
cago and by other astronomers were  
useless.

### Norfolk's Eclipse All Right.

NORFOLK, Va., May 28.—A total  
eclipse occurred here at 8:35 a. m. All  
was dark for more than a minute, dur-  
ing which space one star was visible  
right above the place where the sun  
disappeared.

LATER.—The eclipse of the sun was  
seen here this morning to the very best  
advantage; totality began at 8:52.45, and  
ended at 8:53.59. The conditions were  
perfect and the observations taken by  
scientists from Washington and New  
England observatory was most satisfac-  
tory in every particular. Corona was  
the center of attraction. Totality came  
with a suddenness that made spectators  
jump and some women shrieked. The  
planet Mercury was visible, and Venus  
could be seen but not so plainly as Mer-  
cury. Jupiter was not visible. During  
totality a bright ray-light was seen  
about the entire horizon. Lamps had  
to be lighted in the stores.

### New Orleans Satisfied.

NEW ORLEANS, La., May 28.—Total  
darkness, caused by the eclipse, oc-  
curred here at 7:30 a. m. It lasted for  
about one minute.

### Wet Eclipse.

CLEVELAND, O., May 28.—The only  
eclipse of the sun here this morning  
was made by the clouds. Rain fell  
during most of the period which was  
devoted to solar observatin.

### Galveston Kicking.

GALVESTON, Tex., May 28.—Clouds  
interfered with the observations of the  
eclipse. The atmospheric conditions  
were peculiar during the period, but  
not less than was expected.

### This One All Right.

SAN ANTOIO, Tex., May 28.—The  
eclipse was perfect with weather con-  
ditions magnificent. There was a very  
small crescent left at the top of the sun.

### DANCING GOES.

Delegates to Methodist Conference  
Reverse Saturday's Ruling.

CHICAGO, May 28.—The action of the  
Methodist general conference Saturday  
in passing resolutions favoring retention  
of the rules against dancing and kindred  
amusements was reversed today. On  
motion of Dr. J. M. Buckley, the  
measure passed at a former session was  
ordered laid on the table by a vote of  
256 to 253, and the conference went on  
record as refusing to touch the present  
rule regarding amusements.

### BIG MINE AFIRE.

The Calumet And Hecla Mines Again  
Burning.

HOUGHTON, MICH., May 28.—The  
great Calumet and Hecla mine is on  
fire again. Workmen are fleeing from  
all shafts. Three have perished and  
five died in the hospital at noon. The  
loss is expected to be enormous.

### Dewey Turned Down.

WASHINGTON, May 28.—(Bulletin.)  
United States Supreme court in an  
opinion read by Justice Hurlan today  
decided the bounty claim of Admiral  
Dewey. It held that the statutes must  
be strictly construed and that exclud-  
ing shore batteries and sub-marine  
mines, his force was not opposed by  
superior force. The bounty allowed  
therefore, was only \$100 a man.

### Another Cotton Crop.

NEW YORK, May 28.—Seymour, John-  
son & company, stock cotton brokers,  
failed today. Liabilities half a million.

## MCCOY AND RYAN.

McCoy Confident His Opponent Won't  
Go the Limit.

CHICAGO, May 28.—Kid McCoy, who  
is to meet Tommy Ryan next Tuesday  
night, arrived in Chicago this morning.  
"It won't go the limit," said he, "and  
it won't go more than four or five  
rounds if Ryan will only stand up and  
fight, and not keep getting down, as he  
did the last time we met. I am really  
glad to hear he is in fine shape, for I  
want him to have no excuse after the  
contest is over. I shall have no trouble  
in getting down to the stipulated  
weight, 158 pounds. Ryan's story that  
I double-crossed him in the Maspeth,  
L. I., battle is a lie."

McCoy will be seconded by his  
brother Homer, Billy Stiff, Harry Har-  
ris and Jack O'Brien of Philadelphia.  
Ryan will be looked after by Jack Jef-  
fries, Pat Early and Young Silvey.

Rev. Jeffries, father of Jim and Jack  
Jeffries, will have a front seat close to  
the ring, in order to see his son Jack  
perform.

## OVERCROWDED.

Deputy Collector of Customs Says  
Olympia is Overloaded.

PORT TOWNSEND, Wash., May 28.—  
according to the statement of Deputy  
Collector of Customs Webber, the  
Olympia, bound for Cape Nome, is  
greatly overloaded. Three hundred  
first class tickets were sold when there  
were but fifteen state-rooms. Many  
passengers demanded the return of  
their money, intending to leave the  
ship, but were refused.

## MANY KILLED.

By Collapse of Dock Building. Six  
Bodies Recovered.

SOUTHAMPTON, May 28.—An un-  
known number of workmen were killed  
and injured today by the collapse of the  
Southampton dock buildings in course  
of construction. The accident hap-  
pened without warning, and all the  
laborers were buried beneath the ru-  
ins. Rescuing parties were at once or-  
ganized and are hard at work in the  
debris. Six bodies have been recovered.

LATER.—In the mine explosion here  
this morning many were buried. Four-  
teen bodies were taken from the ruins  
this afternoon. Twenty-seven were  
seriously injured.

## THE HOUSE AND SENATE

### THE ALASKAN BILL CONSIDERED

Anti-Trust Legislation Will Oc-  
cupy Their Attention for  
Three Days.

WASHINGTON, May 28.—The senate  
met at 11 o'clock today. After the  
routine business, Hale submitted a par-  
tial conference report on the naval ap-  
propriations bill, which was agreed to.  
Hale reported a disagreement on three  
items—armor plate, ocean survey and  
the length of the course of instruction  
in the naval academy.

The house has decided to remain in  
session for two hours on Decoration  
Day, because of the necessity of clear-  
ing up the business in view of the near  
adjournment. A special order was  
adopted immediately after the meeting  
of the house this morning to set apart  
Wednesday, Thursday and Friday for  
the consideration of proposed anti-  
trust legislation, which includes a con-  
stitutional amendment giving congress  
the power to regulate trusts and a bill  
to carry this into effect. The house  
then proceeded as a committee of the  
whole to complete the consideration of  
the Alaskan code bill.

### Grand Stand Burned.

GINCINNATI, O., May 28.—The  
grand stand at base ball park was com-  
pletely destroyed by fire early this  
morning. Loss, \$15,000. It is believed  
the fire was of incendiary origin.

### Not Like Bisbee's.

NEW YORK, May 28.—Cloudy weather  
here interfered with observation of  
the eclipse this morning. The sun with  
its edge slightly obscured by moon vis-  
ible for less than minute at 7:56 a. m.  
Clouds then gathered and sun entirely  
eclipsed.

John X. Erickson's full-blood import-  
ed Dutch pointer dog was shot in the off  
fore leg yesterday. His recovery is  
hoped for.

## FILIPINOS QUITTING

Six Officers, One Hun-  
dred Men Surrender.

## ONE HUNDRED RIFLES TAKEN

Latest Report from General Mc-  
Arthur at Manila Is very  
Encouraging.

WASHINGTON, May 28.—Following  
received today from McArthur:—Ma-  
nila, May 28. Three officers, and 56  
men with 46 rifles surrendered un-  
conditionally at Cuyapo yesterday. Three  
officers and 46 men with 55 rifles sur-  
rendered unconditionally at Tarlac. These  
spontaneous surrenders are very en-  
couraging.

FRANKFORT, Ky., May 28.—Governor  
Beckham's engagement to Miss Jean  
Fuqua, of Owensboro, is unofficially an-  
nounced. The wedding will occur  
within the next month. Miss Fuqua is  
one of the most beautiful and accom-  
plished young women in the state. She  
is the daughter of James W. Fuqua, a  
wealthy tobaccoist. Governor Beck-  
ham told his close friends of his en-  
gagement.

Mr. Henkel says he was favorably  
impressed by the fine appearance of  
Mayor O'Reilly's new Naco residence.

Judge J. C. Chisholm and J. H. Jack,  
drove down to Naco yesterday after-  
noon.

The old Phoenix rakes are preparing  
for a summer outing for their wives.—  
Gazette.

The Old Dominion company's coke  
supply is beyond anything heretofore  
seen and still coming. Superintendent  
Parnell says he does not know where it  
is to be placed.—Arizona Blade.

Yesterday, Friday, May 24, Guaymas  
was visited by quite a severe earth-  
quake, about 10:45 a. m. The tremor  
shook houses considerably, and caused  
many to leave their rooms in alarm.—  
Oasis.

The gun that will shoot 20.76 miles  
has been successfully jacketed at the  
U. S. Arsenal, Watervliet, N. Y., and  
will now progress to completion. It  
will be the most powerful piece of or-  
nance in the world, and will weigh,  
without the carriage, 126 tons. Its  
length will be 49 feet 6 inches; the di-  
ameter of the breech 6 feet 2 inches;  
the size of the bore 16 inches.

Information has been received at the  
sheriff's office that Bob Brown, wanted  
as one of the Fairbank train robbers, is  
under arrest and in custody at Barnum,  
Texas. Brown is charged with being  
one of the five men implicated in the  
Fairbank hold-up and was the only one  
of this band who was not captured im-  
mediately after the robbery. He was  
traded for several days, but managed  
to elude the officers. Descriptions of  
him were sent out and other officers  
notified, resulting in his arrest and de-  
tention in Texas, which was done by  
Capt. Allison of the Texas Rangers.  
Requisition papers have been issued  
and the prisoner will be brought to  
Tombstone at once. Deputy Sheriff  
White leaving for El Paso yesterday to  
receive the prisoner. Of the five men  
charged with the hold-up, one, Three  
Fingered Jack, is dead, dying from the  
wounds inflicted by Express Messenger  
Milton at the time of the hold-up; an-  
other, Bravo John has escaped from the  
jail and is at large, while the Owing  
brothers and Brown are now in custody.  
Before his death Three-Fingered Jack  
made a confession, implicating all con-  
nected with the hold-up, and this will  
be the most damaging of the testimony  
against the prisoners.—Prospectors.

ticulars.

## Ancient History.

Talking about typographical errors,  
the REVIEW can beat anything that  
ever came from the felonious brain of  
a type-sticker. In commenting editor-  
ially on the capture of General Cronje  
and his force, the latter were referred  
to as burghers. The M Quad sling-  
er brought it out as "General Cronje  
and his four thousand burglars." That the  
REVIEW has survived that and risen to  
its present prosperous condition is a  
glowing tribute to the energy of the  
men behind it.

## Spindle Makes a Strike.

William Spindle has just returned  
from Mexico, where he has made quite  
a discovery in the way of ore. The new  
find is about four miles from the Mil-  
pitas ranch. It has fine outcroppings  
and goes 47 per cent. copper, twenty-  
two ounces silver and 89 in gold. Mr.  
Spindle goes down to Naco today.

## Society Item.

The REVIEW wishes to call the at-  
tention of our young ladies to the fact  
that the handsome and accomplished  
Gus Pearson is in charge of the ice  
cream and soda department of the Bis-  
bee Drug Company.

## San Miguelita.

## BOERS AT WITWATERSRAND

Kruger Asks His Burghers If  
They Wish to Continue  
Fighting.

LONDON, May 28.—Therwar has reach-  
ed its last stage; the entire British army  
is in Transvaal and every one believes  
that the war's end will come quickly.  
According to numerous reports, the  
Boers are preparing to make their stand  
in the Whitwaters and range south of  
Johannesburg. The Boers are re-  
treating from strong positions before  
Roberts advance. Few believe that  
the Boers will make any serious resis-  
tance; now even though the country is  
well adapted to their manner of fight-  
ing. Those who claim to be acquainted  
with the political situation in the  
Transvaal claim there will be no siege  
of Pretoria. They believe that the  
irreconcilable element among the  
Boers see futility of resistance against  
the overwhelming British forces and are  
preparing to trek north or escape to  
Lorenzo Marquez before they are sur-  
rounded.

NEW CASTLE NATAL, May 28.—(De-  
layed.) The Boers have recovered from  
their panic and are returning in strong

force at Lanings Nek. Fresh Pretoria  
commands are joining both. Boers  
possess Mullers and Botha's passes.  
The British are blocked at Vanrean-  
ans pass.

CAPE TOWN, May 28.—There was an  
untraceable rumor here today to the  
effect that the French had occupied  
Johannesburg.

LONDON, May 28.—It is reported  
from New Castle that Kreuger has is-  
sued a proclamation asking the Trans-  
vaal burghers to notify him whether  
they desire to continue to fight, or to  
sue for peace.

## THE NEW Automatic Colt Pistol

We are the First in the whole Southwest to  
show this pistol, and we should be only too glad  
to have you inspect and examine this new won-  
der in the firearms world.

Briefly described, it is a pistol with a magazine attachment  
holding seven shots, which are capable of being fired off in rapid  
succession—all automatically. The action of this pistol is automatic,  
except that the trigger is pulled for firing each shot. The arm can  
be discharged at the rate of five shots per second, the cartridges be-  
ing automatically supplied from an attachable magazine inserted in  
the handle of the pistol.

After the pistol is charged with a filled magazine one opening  
movement is made by hand, bringing the first cartridge into the  
chamber. On pulling the trigger the cartridge is fired, the empty  
shell is extracted, a new cartridge is loaded into the chamber, all  
these operations taking place automatically without any manipulation  
of the arm. This automatic operation of the pistol is effected by  
the recoil of the moving parts, and as a consequence the recoil is so  
absorbed in being utilized that it has not the usual disturbing effect.

The length of the barrel is 6 inches, length of pistol over all 9  
inches, weight of pistol 35 ounces. It is made only in the 38 calibre,  
with a 6-inch barrel, blued finish, and shoots a rimless, smokeless,  
metal-patched bullet.
